

BUCKLAND HOSPITAL - DOVER

ALPINE DEMOLITION

CLIENT

Yellowstone Homes

VALUE

£985,000

PROGRAMME

24 weeks

PROJECT TEAM

Beanland Associate Architects
Bill Johnson
David Lee

SCOPE OF WORKS

Termination of existing services.
Protect live UKPN substation.
Asbestos removal.
Demolish hospital buildings.
Clean and store bricks for re-use.
Grub out ground bearing slabs and foundations. Crush arisings.

CHALLENGES

Minimise dust levels due to live hospital.
Ensuring site traffic did not affect operational hospital next door and affect the safety of visitors.

SUMMARY

- Recycled 98%
- Cleaned and palletted bricks and slates for re-use later.
- Cleaned and stored timber for re-use later.
- Stockpiled aggregates.
